Work Placement Manager, SETU Waterford

Work Placement Manager, **Tracy Murphy**

e: tracy.murphy@setu.ie **m**: 087 346 4956

Next Steps

- To **advertise a placement / internship** with the students, please send our Tracy Murphy your job description and she will forward it to the students.

- Tracy will then share with the students an overview of your recruitment process and dates, so that they can be ready for interviews, technical tests, etc.

- **To access CV applications**, you can either send Tracy an online application link, or Tracy can gather the applications on your behalf and send them to you by email.

Next Steps

- You will then run through your recruitment and filtering process as usual and keep Tracy informed about invitations to interview, offers made, etc. as she needs to be aware of students who have secured a placement / internship.

- At all stages during recruitment and the full period of placement, Tracy is available to employers (both HR and hiring managers) for queries, issues, and meetings.
