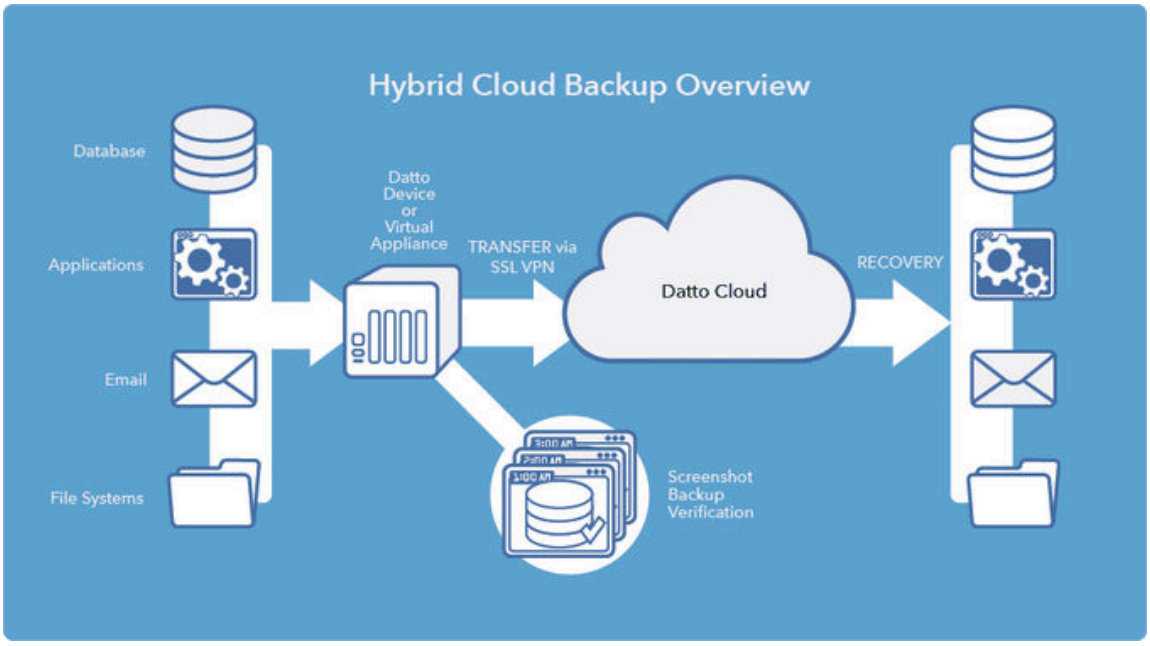
DATTO SAAS PROTECTION

BACKUP & RECOVERY FOR MICROSOFT 365 & GOOGLE WORKSPACE

Even in the cloud, your business data is still vulnerable. Accidental deletions, ransomware, insider threats, and retention gaps can put your emails, files, and productivity at risk. With Datto SaaS Protection, your business-critical data is always safe, recoverable, and compliant.



WHAT 'S INCLUDED WITH DATTO SAAS PROTECTION

- Automated Cloud-to-Cloud Backup
- 3x daily backups of Microsoft 365
- Unlimited Storage & Retention
- Keep your data for as long as you need, with no storage caps
- Point-in-Time Recovery
- Restore files, folders, or entire mailboxes to any previous backup snapshot
- Ransomware Protection
- Rapid restore options minimise downtime and data loss
- Granular Search & Restore
